

# 16' TANDEM AXLE UTILITY TRAILER

## Finish

This trailer has 2 available finishes.

- Black Powder-Coated Steel (TNUL21632ESK - 0407207)
- Hot Dipped Zinc Galvanized Steel (TNUL21632ESG - 0407208)

## Jack and Coupler

Top Wind Jack, rated at 5,000 lb.  
Welded on A-Frame coupler,  
fits 2" ball, simple lockable latch.

## Treated Spruce Wood

Treated Spruce has great  
load bearing capacity and  
provides great durability  
for trailer decking.

## Fold-In Ramp/Gate

The ramp/gate features  
three positions, ramp mode,  
gate mode and folded in.

## Side-Load Ramps

Side-Loading Ramps form  
part of the railing when  
stored. Easily removable  
for convenient loading.

## Steel Fenders with Side Steps

Welded-on steel fenders  
include anti-slip side steps.

## 2' Dove Tail

2' Dove Tail allows for  
ease of loading in all  
respects.
