

12' SOLID SIDE UTILITY TRAILER

Finish

This trailer has 2 available finishes.

- Charcoal Powder-Coated Steel (TNU721231DSFCZ - 0402227)
- Hot Dipped Zinc Galvanized Steel (TNU721231DSFGZ - 0402228)

Treated Spruce Wood

Treated Spruce has great load bearing capacity and provides great durability for trailer decking.

Fold-In Ramp/Gate

The ramp/gate features three positions, ramp mode, gate mode and folded in.

D-Rings

D-Rings allow for tie down points to secure any load.

Toolbox

Includes a lockable toolbox for convenient storage.

Steel Fenders with Side Steps

Welded-on steel fenders include side steps.

Solid Side Walls

Durable side walls add the ability to haul rocks and soil with ease.

Jack and Coupler

Top Wind Jack, rated at 5,000 lb. Welded on A-Frame coupler, fits 2" ball, simple lockable latch.
